POS/SALES MENU

- select products by barcode or manual scan.
- increase or decrease spending.
- make special notes if needed.
- Product pictures are available.

The image shows two screenshots of a mobile POS application. The top screenshot displays a 'Sales' menu with a list of products, each with a small image and a price. The bottom screenshot shows a 'Sales Confirmation' screen with a list of items and their prices, a payment method selector (Cash, Non Cash, Debt), a customer name field, a discount field, and a total amount.

- payment can be in cash, non cash and debt.
- you can add customer.
- you can add discount.
- You can add tax and service charge.
- after processing, you will be redirected to the receipt page, you can print, send the receipt or cancel the order
